Labor Day Holiday Week End

Registrar Richard E. McLaughlin today reminded motorists that September, with the Labor Day week end, the Fall Inspection, and the back to school movement, is a challenging month for drivers in Massachusetts.
"The Labor Day holiday week end has become a nightmare for the families of those who are killed and injured in motor vehicle accidents. Yet, the slaughter continues. The Registry is providing the fullest protection we can offer. All enforcement personnel will be on the highways from Friday, Sept. 2 through midnight on Monday, Sept. 5 joining ranks with other enforcement agencies of the State.
"Speeding, driving after drink-
ing, failure to obey signs and signals, and lane hopping are only a few of the violations which our force will watch for. Cita-

tions will be given to law break-
ers and, in serious cases, drivers
will be removed from the road.
Violators face court action and
probability of suspension or revo-
cation of licenses. In some in-
stances, suspension or revocation
of registration will result.
"We will be doing our part to
keep you safe—we ask your co-
operation. Make safety your
prime consideration when driv-
ing during the long Labor Day
week end.
"Week end drivers will find the
highways congested and danger-
ous. This holiday was created for
the working man's enjoyment; it
was not meant to be a day of
tragedy. Drive carefully — the
life you save may very well be
your own," concluded Registrar
McLaughlin.

Richardson Committee To Organize

The season, the calendar and
the candidates foretell that elec-
tion time is near.
In a few short weeks decisions
registered at the polls will bind
a considerable part of the destiny
of our state for the next four
years. A little less than two years
ago the 89% who voted in Aga-
wam played a significant part in
the outcome of that close state
wide election.
The people of Agawam, while
in recent years voting more often
Democratic, found good reason to
give Elliot Richardson, the Re-
publican candidate for Lieut.
Governor, solid vote of confi-
dence; 3968 votes.

This \$8.00 tax decrease widely
heralded in the newspapers, must
have encouraged people to buy
homes in Agawam. A trip around
town discloses widespread build-
ing of new homes and apartment
houses. Lower taxes must play a
big role in the decisions to build
and live here.
An Agawam Committee is be-
ing formed to support Elliot Rich-
ardson in his 1966 campaign for
election to the Atty. General's
office. A meeting is to be held
soon to which Elliot Richardson's
many supporters will be invited.
Four more years of progressive
government could add to our re-
wards.

How's That?
Belleville, Ind.
Members of the Belleville Vol-
unteer Fire Department installed
an alarm system which triggered
the telephone bell in the home of
every fireman in case of a blaze.
A recent alarm got a slow re-
sponse, however.
All the firemen were at the fire
station. There's no telephone
there.

governor has and probably of
deep significance to Agawam, he
"carried the ball," for the "Lim-
ited Sales Tax" for the gover-
nor.
Recently our local real estate
taxes dropped \$8.00 a thousand.
A good measure of this was pos-
sible due to that sales tax.

HS-2, as well as other units of the Navy and Air Force which comprise the Task Force, has been selected because of their in-being capability for accomplishment of the mission. All of the units involved in the mission have undergone intensive training in the recovery of an Apollo spacecraft prior to the mission.

The first mission in the Apollo series planned for a Pacific landing, will be an unmanned, sub-orbital flight lasting approximately 94 minutes from launch to recovery.

On The Lawn

with LARRY LAWRENCE

Have you noticed how much more light-hearted advertising there is these days than formerly? It used to be said that nobody could take a product seriously if the advertising wasn't deadly serious, but that rule seems to have been thrown overboard.

I am reminded of this by a little booklet that turned up in the mailbox the other morning. The illustrations are by Whitney Darrow Jr., the well known New Yorker cartoonist and the caption on the cover says, "Just listen to this, Penny. These people are suggesting, in all seriousness, that we ought to be doing something about our lawn right now. Must be out of their minds."

The whole thing, which came from Scotts, is a cheerful facing of the fact that the best time of the whole year to feed or seed a lawn—which is right now—is the very time when most of us would prefer a comfortable chair in the shade.

It not only explains, in a non-technical way, why feeding pays off so handsomely at this time, but encourages the laggards with an August discount on Turf Builder and Windsor.

Professionals, of course, have always known that late summer and early fall was the naturally right time to improve a lawn. But a large percentage of homeowners still let this golden opportunity go by. Maybe this flip little pamphlet will convert some of them.

AHS Band Invited To Compete In Fall Foliage Festival

The Agawam High School Band is one of more than 20 bands invited to compete in a State-wide High School marching band contest that will highlight the 1966 Fall Foliage Festival Parade in North Adams on Sunday, Sept. 25.

The Parade caps a week-long Festival that includes an Air Show, Dances, Cultural Events, a Children's Parade, and a Queen's Contest.

The Festival, the 11th held in the Northern Berkshire community, is sponsored by the Chamber of Commerce of Greater North Adams. The Festival is an event that the whole City becomes in-

involved in, according to Joseph A. Dolan, co-chairman of the event, which will also include many other marching units as well as floats and Melha Shrine of Springfield.

The Agawam High School Band will have an opportunity to bring home \$400 in First prize money in the Parade contest. An additional \$500 in prize money will be given to the next three place winners while school bands finishing fifth through tenth will be awarded trophies.

This is the only High School marching band contest in the State, according to Thomas R. King, Festival Parade Director. Although competition is held throughout the State for Drum and Bugle Corps and other groups, High School marching bands have no opportunity to compete against each other on a state-wide basis.

TO PAVE, OR—NOT TO PAVE

"To pave, or not to pave..." that was the question in New York's Central Park, when road building crews, working a second shift, disrupted the opening night's performance of a Shakespeare Festival summer season at a theater adjacent to the park.

According to the Automobile Club, the anvil chorus of jack-hammers created a tempest among devotees of the Bard of Avon, until New York Highway Commissioners assured them it was "Much Ado About Nothing", and re-scheduled the work to be done during the daytime hours.

Exit the road-builders, and "All's Well That Ends Well", says the A-A-A.

Labor Day—A Time To Think

Labor Day, to be observed on September 5 this year, marks the termination of summer, in the minds of most people. It is the last long holiday of the season and is a time for the final outing of swimming, picnicking, boating, or just loafing. The meaning of Labor Day is lost for many in the frantic pursuit of fun. Never before have so many people been able to enjoy the leisure, the luxuries and comforts we see around us in these United States. The rights of labor have never been so certain, nor its obligation to act in a responsible manner more necessary. We must not become insensible to the time-honored virtues of thrift, competence and pride in a job well done.

... These are the things that have made possible the turning of Labor Day into a holiday of fun and leisure. These are the things that Labor Day commemorates, and if the nation is to survive in its greatness, they will be needed as never before in the years to come. They are needed now desperately to back up the men in Viet Nam, let alone all future advancements in space, science, industry and technology. Think of these things as you go to the beach or to the mountains this Labor Day.

"Y" To Sponsor Community Birthday Calendar For '67

The Agawam Community Y.M.C.A. will again sponsor the Community Birthday Calendar for 1967 according to an announcement by Ernest C. Swanson, president. Paul Adams, Jr., and James Pease will again serve as co-chairmen of the calendar committee, assisted by Platon George, Arthur Leary, Rita Moore, and Archie Taylor.

The Community Birthday Calendar gives residents of Agawam an opportunity to have their birthdays, anniversaries, and other dates listed on the calendar and thus making it possible for friendly greetings to be exchanged on these specific events by friendly neighbors in a friendly community.

The drive to obtain listings for the calendar will be held from Sept. 10th to Sept. 26th with over 100 volunteer workers calling on friends and neighbors to obtain the listings. This year's calendar will run from Jan. 1, 1967 to Dec. 31, 1967.

Adams and Pease announced the following team captains to head up the drive: Larry Andrews, Jean Clifford, Barbara Cook, Stella Gallerani, Grace Janik, Jim Loomis, Ellie Richards, Ernest Swanson, Elaine Taupier, Jack Williams.

George, Leary and Taylor will handle the commercial portion of the calendar and Mrs. Moore will handle the club listings. A letter to members and friends of

A GOOD BREAKFAST is essential for efficient school work during the morning session, and a GOOD LUNCH is essential for the afternoon session.

Each of the following lunches can be purchased for 25 cents. Extra half-pint cartons of milk can be purchased for three cents.

These low prices are made possible through financial assistance from the the State and Federal School Lunch Programs.

Besides providing children with balanced lunches, the School Lunch program, through the social aspect of eating with other children provides them with the opportunity to learn to try, and to come to enjoy, wider varieties of food so essential to good health.

Jimmy Dean At Music Fair Sept. 5-10

Country and western music, now at a height of popularity, will sound out in Wally Beach's Storowton Music Fair in West Springfield, Sept. 5 through 10, when Jimmy Dean, stage, radio and television personality, brings his great singing and performing troupe to the tent theater-in-the-round.

Also on the program with Dean will be Jody Miller, of whom listeners ask: "How did they get that much voice in one small girl?" The petite and vivacious miss with the big brown eyes and captivating smile is swiftly climbing up the ladder of success in the music world, with her latest record hit, "Queen of the House" plus the more recent "Silver Threads and Golden Needles." With a contralto voice that can be as soft as a kitten's purr or as powerful as an opera star's projection, Jody Miller has emerged as a singing star who has a long and busy future in television, nightclubs and on many more records.

Now touring the country, Dean, with his style and personality, is setting boxoffice records wherever he goes. It is not surprising for he is generally acknowledged to

be one of the most versatile stars on the entertainment scene today. In addition to having his own television show, the personable Dean has been featured on the Perry Como Show, the Dinah Shore Show, the Arthur Godfrey Show, Steve Allen Show and on Don McNeil's Breakfast Club. His recordings have been popular for a number of years and some have been best sellers across the nation.

Ever since the lanky young man recorded "Bummin' Around", his star has been on the rise. Born in Plainview, Texas, Dean served in the Air Force during World War II and began by entertaining boys stationed at Bolling Air Force Base in Washington. He later won a regular berth on a local TV station and came to the attention of CBS officials. As a result, he was brought to New York in 1958 for a five-times-a-week show and was an instant success. His variety has proved to be a king-sized hit anytime.

McCobb Completes Training At Fort Bliss

FORT BLISS, Tex. (AHTNC)—Private Charles C. McCobb Jr., whose parents live at 43 Elbert Rd., Agawam, completed 24 weeks of training as a Nike Missile crewman at the Army Air Defense School, Fort Bliss, Tex., August 17.

Pvt. McCobb was trained in firing and maintaining the Nike, a high-altitude missile carrying conventional or nuclear warheads.

It isn't enough to learn the tricks of the trade. You must learn the trade.

MRS. CASAGRANDE, AGAWAM COORDINATOR O'DONNELL FOR GOVERNOR COMMITTEE

Mrs. Irene Casagrande of 14 Spencer Street was named Agawam coordinator of Women's Activities, as announced by Benjamin A. Smith II, state director of the Kenneth P. O'Donnell for Governor Committee.

As a key leader of the local Women's Committee she will have major responsibilities for organizing women volunteers in Kenneth O'Donnell's campaign for the Democratic nomination for Governor. The local volunteers will staff O'Donnell campaign headquarters, distribute literature, organize voter education meetings and rallies and will seek massive support among women voters for Kenneth O'Donnell's program of Action For Massachusetts.

State campaign director Smith, in announcing the inauguration of a full scale program of organization for women, hailed the appointment of Mrs. Casagrande as a major step toward building a vital arm of the campaign structure.

"Women have a vital stake in the administration of every phase of state government. Our programs of education, family health, taxation, rehabilitation of the cities all affect their lives and those of their children. Women deserve a strong voice in state government and we are most anxious that they be heard."

The O'Donnell campaign got a big boost from the publication this month in a national women's magazine of selections from the forthcoming book, "With Kennedy," which has high praise for O'Donnell's years on the White House staff.

In his soon-to-be published book, former press secretary Pierre Salinger rates O'Donnell as the late President's most important and influential advisor.

"Kenneth P. O'Donnell, he writes, 'had the greatest responsibility, influence and accessibility to the President. It was my impression that Ken O'Donnell had the greatest influence in shaping the President's most important decisions.'"

A complete schedule of local Women's Committee events will be announced next week, according to Mrs. Casagrande.

FERGUSON, WRITE-IN CANDIDATE FOR COUNTY TREASURER

Franklyn L. Ferguson, a Springfield Public Accountant, is a write-in candidate for the Republican nomination for County Treasurer, Hampden County, in the September 13th primary. He needs 1,000 votes in the primary to qualify for a position on the November ballot.

Ferguson, who resides with his wife at 138 Millbrook Road, Springfield, has 20 years experience in the finance and accounting field. He is a graduate of the Springfield School System and Northeastern University where he majored in accounting. At Northeastern he was President of his graduating class and President of the Student Association.

He was employed as a staff assistant for 3 years by Hitchcock and Company, Certified Public Accountants of Springfield. He later served 10 years in private industry, first as Assistant to the Treasurer of the Indian Motorcycle Company and later in the same capacity with Titeflex, Inc.; when the two firms merged.

In 1957 he established his own accounting firm in Springfield which he presently heads. He is a registered Massachusetts Public

Accountant, a member of Melha Temple, Springfield Shriners organization, and a Notary Public.

Ferguson is running for County Treasurer because he believes Hampden County, with a larger budget than most private businesses in this area, needs a Treasurer with extensive experience in the fields of finance and accounting.

He also believes that County government needs new people and new ideas to meet today's challenges. "You can't solve tomorrow's problems with yesterday's solutions, nor with politicians who have grown stale after 18 years of drifting when leadership was needed. Nor can you expect a person with no training in finance or accounting to do a top notch job as County Treasurer. If I am elected, I will apply myself to Hampden County's problems with a combination of new spirit and extensive experience in finance and accounting," Mr. Ferguson said.

Senator Hammond's No. 764 Bill To Make Hampton Ponds Into State Park

WESTFIELD — The size of a proposed state park and recreational area at Hampton Ponds in Westfield would be increased two and one-half times as the result of an amendment introduced by State Senator George D. Hammond of Westfield and accepted by the Massachusetts Senate.

The original bill — Senate 764 — introduced by Senate President Maurice Donahue of Holyoke would authorize the Massachu-

setts Department of Natural Resources to acquire the land and buildings of Kingsley's Sandy Beach at Hampton Ponds and operate the area as a state park.

The amendment offered by Senator Hammond would authorize the Department of Natural Resources to also acquire adjacent Lambert's Beach and the so-called Free Beach at Hampton Ponds, also for operation as a state park.

The original bill and the amendment cleared the Senate Ways and Means Committee, and the Senate — acting under suspension of the rules — was passed by the Senate. It now goes to the House of Representatives, and

Senator Hammond expressed the hope "that the House will see fit to make this extensive and excellent recreational facility available to the people of the area."

"These three beaches are among the oldest and the most popular in Western Massachusetts, and have provided pleasure and recreation for thousands who enjoy swimming, fishing, boating, and ice skating. Under state operation these beaches could be greatly expanded, and new facilities could be added, to make recreation available to even more thousands of residents of Western Massachusetts."

Dinner In Honor Of Lt. Governor Scheduled Oct. 2

Attorney Robert A. Gelinas of Chicopee has been named General Chairman of the Western Massachusetts Dinner to be held this fall in honor of Lt. Governor Elliot L. Richardson. It was announced today by Springfield Republican City Committee Chairman, Robert D. Moran, spokesman for a group of the Lt. Governor's local friends and support-

LT. GOV. RICHARDSON

ers who are planning the dinner, that Gelinas, a partner in the Springfield law firm of Bulkley, Richardson, Ryan and Burbank and a member of the Republican State Committee, is now forming a dinner committee of members from all four Western Massachusetts Counties.

The dinner is planned for Sunday evening, Oct. 2nd, at the Kimball Towers in Springfield.

Tickets will be sold at \$25.00 per plate, but it will not be strictly a fund-raising affair according to Moran. "The finest food available will be served and it will be a festive occasion—an opportunity for all the Lt. Governor's many Western Massachusetts' friends to get together to honor Richardson and build enthusiasm for his campaign for Attorney General," he said.
